My family and I have had such a wonderful stay. Everything was perfect, what a beautiful apartment you have.

It was so well equipped and very comfortable with the most amazing outdoor space. I hope to be back again.

geweldig appartement, heel compleet qua uitrusting. het uitzicht op zee en de bergen vanaf het grote terras is fantastisch. vanuit het appartement loop je binnen een paar minuten naar de zee, in het complex een heel fijn zwembad. een hele complete basis voor een super relaxte vakantie. Anker is een hele fijne host. kortom, we hadden een topverblijf hier en komen graag terug

Such a lovely apartment in a block that boasts a large outdoor space and several pools with a swim-up bar!! The terrace they have was so spacious, we spent a lot of time out there.

Benal Beach Apartments is close to everything you need, restaurants, bars, beaches, public transport, shops, you name it! The complex even has a convenience store on the bottom floor, which has a decent selection available.

Hosts were responsive in the app and Sharon was always helpful and responsive by telephone 😊

Thanks for a lovely stay, if we come back to Benalmadena, we know where to return to!

Had a fabulous stay at Ankers.

Great communication and fast response to messages both from Anker and Sharon. The appartment is very well equipped with everything you would need and more! The veranda is huge and so an amazing space to chill out with sea views.

We loved the location , close to the beach, beautiful park, restaurants and shops. Bonus was meeting Anker during our stay.

Bilderna och beskrivningen stämmer väl överens med boendet. Härlig stor terrass, ett mycket bra utrustat kök och sängarna var sköna!

Anker är snabb på att svara på ev frågor och hjälpsam.

Tips är att handla vatten i anläggningens supermarket, plan 0.

Mercadon som ligger ca 900m mot stan är mycket välsorterad, finns även en DIA-butik utmed strandpromenaden som är bra (ligger till höger, bakom Burger King).

Rekommenderar boendet och Anker.

Enjoyed a wonderful month here. There is everything you could need to self cater also close to lots of shops, bars and restaurants. Views from the terrace are stunning and the smaller balcony was ideal for evenings and was a little more sheltered. The on site gym is well equipped and friendly at a reasonable extra cost. Would happily return and would have rebooked for next year but our required dates were not available.

Love the view

Vores ophold hos Anker og Helle ved Benal Beach var fantastisk. Rigtig dejlig lejlighed lækker terrasse med alt hvad der var behov for til en lækker ferie, en af de bedste steder at sidde med morgen kaffen og nyde udsigten. Selv om vores fly var forsinket så vi først ankom kl 04.00 om natten spillede indtrækningen bare. Pool området var også lækkert ungerne elskede det. Fra start til slut har der været super god kommunikation/service gennem Anker og Helle

We had a lovely stay in this apartment, beautiful surroundings and views, however balcony not too private, we did not mind so much as had lovely neighbours next door and above us. Excellent host, and greeted on arrival, and we were able to get in with our bags earlier than arranged, this was great, I did feel the bathroom towels need upgrading, apart from this, loved everything about the apartment, Thank you, D

Apartment was spotless, everything catered for and really well equipped. The terrace is amazing (unfortunately we hardly got to use it because of the wind) really close to bars and restaurants, the complex itself on some other site reviews were not particularly good, those reviews don't accurately reflect the complex, really clean, grounds are lovely, pool was clean and a nice place to be. I would definitely recommend the property and can see us booking again. Thank you

The apartment was fab and exactly as described! Helle was very responsive and answered any questions I had.

The views were amazing and the balcony huge and was what sold it to us! Very beautiful!

The on-site pool area was great, but limited info that I could see, half of the slides weren't open yet and no floats or balls allowed, also with it being a shared pool you had to pay for sunbeds, which were more expensive if I only got 1 between the 2 of us even though I genuinely only needed 1!

We were a party of 4 but just my daughter and I using the pool, so any info re additional costs and rules would perhaps be useful to guests especially with kids. Other than that amazing few days away and highly recommend Helle's apartment 😊

We loved the location of the complex and its proximity to the beach. Our absolute favorite feature of the apartment was the oversized deck, with gorgeous views of the sea and mountains. The American-sized King Bed was pretty comfortable and the kitchen served our needs to dine in, with some basics like spices and olive oil in the condo that happened to be there. We appreciated the previous guest leaving us some beers in the fridge and we paid it forward for the next group! The supermarket was pretty well stocked (we went off-site for our initial haul) with reasonable prices. Helle was super quick with any communications, too! The gym onsite was great, though there is a daily fee (9 euro per person/per day). I think they might have a sauna/hot tub though it was unavailable during our stay. The pools were a bit chilly but refreshing (they are not heated) and the slides that were open were a fun little diversion to check out.

Kunne tjekke ind midt om natten, hvilket ikke var noget problem, stedet var meget rent og matchede AirBnbs beskrivelse. Der er mange parkeringspladser foran ejendommen, nogle skal du lede efter noget. Terrassen er unik med en god udsigt. En lille ulempe ved, at du ikke er helt alene, da naboerne ligger lige ved siden af, men det var ikke et problem for os. Der er mange restauranter i nærheden. Alt i alt en god værdi for pengene.

Vi havde et vidunderligt ophold i Helle & Ankers lejlighed! Så snart vi ankom, følte vi os hjemme; lys, varm og meget ren lejlighed. Lejligheden er meget veludstyret til længerevarende ophold med et komplet køkken til at tilberede dine egne måltider. Hovedattraktionen i denne lejlighed er tydeligvis den storslåede terrasse med fuld sol med storslået udsigt over havet, udsigt over havet og bjergudsigten til siden. Under vores ophold havde vi mulighed for at møde Helle & Anker. De er virkelig varme og venlige og sørgede for, at vi ikke manglede noget, og at alt var i orden med lejligheden. For os er det faktum, at terrassen støder op til nabo-lejligheden på ingen måde en ulejlighed, men snarere en mulighed for at møde meget interessante mennesker, og med hvem vi har skabt forbindelser med. Vi kan varmt anbefale det!

Great stay

We had a great stay here. The terrace is the greatest thing about this place and it was great, having breakfast there every morning and having drinks with the family. There was enough dishes and kitchen accessories for all our needs. We even used the outdoor dining table on Christmas Eve by closing all the awnings around it. The only criticism I have is that I don't really love Benalmadena as a town, it's ok, but not great. The unit itself was great though! Highly recommend!

Really nice apartment and stunning view, the owner was a very nice and helpfull person. The only minus in our books wich we found out on sight and not from the pictures is that the terrace has a neighbour to the left with only 1 meter high fence between them. Something that we didnt expect from the pictures. Luckily we didnt barely see the neighbour at all during our 2 weeks. However, I would really recomend this appartment and would for sure book it again.

Little Gem.

This apartment has so much to offer. From location to panoramic views, to an outside living space that is second to none. When we first arrived we thought to ourselves, the apartment is a little small, compact you could say. Although it had everything, and more than you would need for 10 days holidays. It is only when you venture outside to the roof terrace that this 'little gem' comes alive. We spent most of our time here, between meals, relaxing in the sun, and having a few drinks. It is superb. Strongly recommend this property. From booking, to communications, to check in, this is luxury.

Fantastic place to stay ... amazing outdoor space

We had a lovely 10 nights in this apartment and I have to say the best part about it was out outside space. There were so many seating areas either in the shade or the sunshine whatever you prefer and there was sun on the terrace ALL day but also shade available all day which was perfect for myself and my husband. We loved it so much that we booked again for next year on our third day. Inside the apartment was relatively small compared to the outside space but perfectly big enough for myself and my husband and the king size bed was a bonus. Everything you need in kitchen to cook breakfast or an evening meal if you felt like doing so (which we did to make use of the wonderful outside space).
